NETI PRELIMS REVISION SERIES

Topic 10 | Major Government Schemes

नेति नेति — Less noise. More clarity.

Why this matters for Prelims: Scheme questions rose from ~4/year (2011-15) to ~6-7/year (2021-25). Format has changed completely: pre-2019 was name-Ministry matching; post-2020 is mechanism, funding ratio, eligibility, and how the scheme differs from a similar one. Statement I/II pairs on schemes now appear almost every paper. Knowing a name and approximate purpose earns nothing. Ministry, beneficiary, funding ratio, and what the scheme does NOT cover is what separates right from wrong.

The UPSC test for schemes: Not "what is this scheme called" but "which Ministry runs it", "who is eligible", "how is it funded (Centre only / state only / 60:40 / 75:25)", and "what makes it distinct from a similar-sounding scheme." These four questions cover every scheme question in the last six papers.

Funding pattern quick key: Central Sector Schemes: 100% Central funding. Centrally Sponsored Schemes (CSS): Centre-state shared (60:40 general, 90:10 NE/hilly, 75:25 some). State Schemes: 100% state. UPSC asks which category and what ratio.

Three schemes that look alike: PM-KISAN (income support, Rs.6,000/yr, all landholding farmers) vs PM Kisan Maan Dhan (pension, marginal farmers only, 18-40 yrs) vs PM-AASHA (price support for oilseeds/pulses). Different beneficiary, different mechanism, different Ministry angle.

SCHEME CLASSIFICATION — CENTRAL SECTOR vs CENTRALLY SPONSORED (CSS)

Feature	Central Sector Schemes	Centrally Sponsored Schemes (CSS)
Funding	100% Central Government	Shared: Centre + states. Ratio: 60:40 general; 90:10 NE/hilly; 75:25 for some. Some components 100% Centre.
Implementation	Central agencies or directly by Centre. States not in funding chain.	Implemented by states using Central funds. States have co-funding obligation.
Key examples	PM-KISAN, MGNREGS (wage component), BharatNet, PM Gati Shakti, PM Surya Ghar, MUDRA	PMAY-G, PMAY-U, NHM, PMGSY, Jal Jeevan Mission, Samagra Shiksha, POSHAN Abhiyaan
UPSC trap	PM-KISAN is Central Sector (100% Centre) — NOT CSS. Students regularly misclassify it.	NHM and Ayushman Bharat-PMJAY are CSS (60:40). PMGSY is CSS.

NOTE: MGNREGS wages = Central Sector (100% Centre). MGNREGS material component = 75:25 (Centre:state). The wage vs material split is tested.

AGRICULTURE & FARMER WELFARE SCHEMES

Scheme	Ministry	Type	Beneficiary	Mechanism — What UPSC Tests
PM-KISAN	Agriculture	Central Sector	All landholding farmer families (with exclusions)	Rs.6,000/year in 3 x Rs.2,000 instalments via DBT. 100% Centre-funded. Exclusions: income-tax payers, institutional landholders, constitutional post holders, serving govt employees above Class IV/multi-tasking staff. Launched Dec 2018.
PM-AASHA	Agriculture	Central Sector	Farmers of oilseeds, pulses, copra	3 components: (1) PSS — govt procurement at MSP. (2) PDPS — farmer gets difference between MSP and market price (no physical procurement). (3) PPSS — private buyers procure at MSP with govt subsidy. Ensures MSP reaches farmer. Launched 2018.
PM Kisan Maan Dhan (PM-KMY)	Agriculture	Central Sector	Small & marginal farmers (SMF), 18-40 yrs	Voluntary pension: Rs.3,000/month at age 60. Farmer contributes Rs.55-200/month (age-based); Centre contributes equal amount. Managed by LIC. Distinct from PM-KISAN: pension not income support, only SMFs not all landholders.
PMFBY (Fasal Bima Yojana)	Agriculture	CSS	All farmers (loanee: compulsory; others: voluntary)	Crop insurance. Premium: 2% kharif, 1.5% rabi, 5% commercial/horticulture. Remaining premium: 50:50 Centre:state. Claim = shortfall from threshold yield. Insurers: private + Agriculture Insurance Company.
e-NAM	Agriculture (via SFAC)	Central Sector	Farmers, traders across APMC mandis	Online trading platform integrating APMC mandis. Single licence across states. Electronic bidding removes commission agent layers. Implemented by SFAC. Not a subsidy — market infrastructure.
PMGKAY (merged into NFSA 2023)	Food & Consumer Affairs	Central Sector	All 80 crore NFSA beneficiaries	Launched COVID 2020: free grain over NFSA entitlement. Merged with NFSA from Jan 2023 — PMGKAY no longer exists as separate scheme. Now NFSA itself provides 5 kg free. UPSC 2026 trap: treating PMGKAY as active separate scheme.

NOTE: MSP is recommended by CACP (Commission for Agricultural Costs and Prices) and approved by Cabinet. CACP is advisory — government is not legally bound to accept. Tested in Statement I/II.

HOUSING, URBAN & RURAL INFRASTRUCTURE SCHEMES

Scheme	Ministry	Type	Target	Mechanism — What UPSC Tests
PMAY-G (Gramin)	Rural Development	CSS	Houseless/kutcha house BPL rural families	Rs.1.20 lakh (plains), Rs.1.30 lakh (hilly/NE) per unit. Funding 60:40 (90:10 NE). Beneficiary selection via SECC 2011 + Gram Sabha. 90 days MGNREGS labour linked. Toilet/LPG/electricity convergence.
PMAY-U (Urban)	Housing & Urban Affairs	CSS	Urban poor, EWS/LIG/MIG	4 verticals: (1) ISSR (slum redevelopment). (2) CLSS (home loan interest subsidy). (3) AHP (affordable housing in partnership). (4) BLC (individual house construction). PMAY-U 2.0 (2024): 1 crore more homes + new urban rental housing component.
PMGSY	Rural Development	CSS	Unconnected habitations above population threshold	All-weather road connectivity. Threshold: 500 (plains), 250 (hilly/tribal/NE), 100 (LWE-affected, Phase III). Funding 60:40 (90:10 NE). Roads maintained 5 years post-construction by contractor.
Jal Jeevan Mission (JJM)	Jal Shakti	CSS	Rural HH without tap water	FHTC (Functional Household Tap Connection) to every rural HH. Standard: 55 litres/person/day. Funding 90:10 (NE/hilly), 50:50 (others). Deadline extended to 2028 (original 2024 missed). Coverage 2024: ~78% rural HH.
AMRUT 2.0	Housing & Urban Affairs	CSS	All statutory towns (~4,900)	Water supply, sewerage, urban transport, green spaces. AMRUT 1.0 (2015): 500 cities. AMRUT 2.0 (2021): expanded to all towns. City Water Balance Plans. Circular economy of water.
PM SVANidhi	Housing & Urban Affairs	Central Sector	Urban street vendors	Collateral-free working capital loans: Rs.10,000 (1st), Rs.20,000 (2nd), Rs.50,000 (3rd). Digital transaction incentive. Launched May 2020. First microfinance scheme for street vendors. Ministry: Housing & Urban Affairs — not Finance, not MSME.
SVAMITVA	Panchayati Raj	Central Sector	Rural residents (abadi/residential land)	Drone survey + property cards (patta/title) for residential land in villages. Allows property to be used as loan collateral. Ministry: Panchayati Raj (not Rural Development). Launched 2020. UPSC matching trap: confuse with PMGSY (Rural Development).

NOTE: PMAY-G = Rural Development. PMAY-U = Housing & Urban Affairs. Same name root, different ministry, different beneficiary, different verticals. This split generates a matching pair question almost every cycle.

HEALTH & SOCIAL PROTECTION SCHEMES

Scheme	Ministry	Type	Beneficiary	Mechanism — What UPSC Tests
Ayushman Bharat PM-JAY	Health & Family Welfare	CSS	Bottom 40% families by SECC (~10.74 crore families)	Rs.5 lakh/family/year for secondary & tertiary hospitalisation only (NOT OPD). Cashless, paperless. Funding 60:40. Portable across empanelled hospitals nationwide. NHA implements. Beneficiaries from SECC 2011.
AB – Health & Wellness Centres (Arogya Mandirs)	Health & Family Welfare	CSS	All population (primary care)	Upgrade of sub-health centres + PHCs. 12 service packages: NCD screening, mental health, palliative care, maternal/child health. 1.5 lakh centres targeted. Now called Ayushman Arogya Mandirs.
POSHAN Abhiyaan	Women & Child Development	CSS	Children 0-6 yrs, pregnant/lactating women, adolescent girls	Convergence mission: uses ICDS, NHM, Swachh Bharat platforms together. Targets stunting, wasting, undernutrition, anaemia. Anganwadi workers track via ICDS-CAS app. POSHAN Maah = September. NOT a food provision scheme — coordinates existing systems.
MGNREGS	Rural Development	Central Sector (wages 100% Centre; material 75:25)	All rural adult HH (demand-driven)	LEGAL GUARANTEE (an Act, not a scheme) of 100 days/household/year unskilled manual work. Work within 15 days or unemployment allowance. At least 1/3 beneficiaries must be women. Work within 5 km of village. Social audit mandatory. Wages within 15 days or compensation.
PM Ujjwala Yojana (PMUY)	Petroleum & Natural Gas	Central Sector	BPL women (SECC), SC/ST, forest dwellers, tea garden workers	FREE LPG connection (deposit + stove covered). Refills at market price — NOT free. PMUY 2.0 (2021): migrants without address proof included. Oil marketing companies implement. Separate DBTL scheme handles refill subsidy for general poor.
PM Shram Yogi Maan Dhan (PM-SYM)	Labour & Employment	Central Sector	Unorganised workers, 18-40 yrs, income <=Rs.15,000/month	Voluntary pension: Rs.3,000/month at 60. Equal contribution worker + Centre. LIC manages. Target: gig, domestic, construction, street vendors. Distinct from PM-KMY (farmers) and NPS (formal sector).

NOTE: MGNREGS is an Act (2005), not a scheme — the guarantee is legally enforceable and cannot be withdrawn by executive order. This "Act vs scheme" distinction has been tested directly.

FINANCIAL INCLUSION, DIGITAL & MSME SCHEMES

Scheme	Ministry	Type	Beneficiary	Mechanism — What UPSC Tests
PMJDY	Finance (DFS)	Central Sector	Unbanked individuals	Zero-balance savings account. RuPay debit card + Rs.2 lakh accident insurance + Rs.30,000 life insurance. Overdraft Rs.10,000 (Aadhaar-linked, one per HH, preference to women). Gateway for all DBT. 53+ crore accounts by 2024.
PMJJBY & PMSBY	Finance (DFS)	Central Sector	18-70 yrs (both)	PMJJBY: life insurance Rs.2 lakh, premium Rs.436/year auto-debited. PMSBY: accidental death/disability Rs.2 lakh, premium Rs.20/year. Distinct: PMJJBY covers death from any cause; PMSBY covers accident only. Both need bank account.
MUDRA	Finance (MUDRA Ltd.)	Central Sector	Non-corporate, non-farm micro enterprises	3 tiers: Shishu (<=Rs.50,000), Kishore (Rs.50K-5L), Tarun (Rs.5-10L). No collateral. MUDRA does NOT lend directly — refinances banks/MFIs/NBFCs. Tarun Plus: up to Rs.20 lakh for established borrowers. Trap: "MUDRA directly provides loans" — FALSE.
Stand Up India	Finance (SIDBI)	Central Sector	SC/ST and women entrepreneurs (greenfield)	Bank loans Rs.10 lakh to Rs.1 crore for greenfield enterprises (manufacturing/services/agri-allied). At least 1 SC/ST + 1 woman per bank branch. Via SIDBI/NABARD. Distinct from MUDRA: Stand Up India is for SC/ST+women, floor is Rs.10L (vs MUDRA ceiling of Rs.10L).
PM Vishwakarma	MSME	Central Sector	18 traditional artisan categories (carpenter, blacksmith, potter etc.)	Launched Sept 2023. Collateral-free credit: Rs.1 lakh (1st tranche), Rs.2 lakh (2nd) at 5% subsidised rate. Skill training + digital onboarding + marketing. PM Vishwakarma certificate. Ministry: MSME — not Labour, not Finance.
GeM (Govt e-Marketplace)	Commerce (DGS&D)	Central Sector	Govt buyers; MSMEs, startups, SHGs as sellers	Online procurement portal mandatory for Central govt purchases above threshold. Bypasses traditional tendering. Promotes MSMEs and women SHG sellers. Not to be confused with e-NAM (agriculture) or ONDC (open commerce).

NOTE: MUDRA refinances lenders; Stand Up India lends directly via banks. PMJJBY = all-cause death; PMSBY = accident only. These distinctions appear in Statement I/II pairs.

EDUCATION, SKILL & WOMEN-FOCUSED SCHEMES

Scheme	Ministry	Type	Beneficiary	Mechanism — What UPSC Tests
Samagra Shiksha	Education	CSS	Pre-primary to Class 12	Merges SSA + RMSA + Teacher Education into one scheme. Holistic school education. Funding 60:40 (90:10 NE). Covers RTE Act implementation. Stipend for CWSN girls.
PM POSHAN (Mid-Day Meal)	Education	CSS	Govt school students Classes 1-8 (now pre-primary too)	Hot cooked meal on all school days. Renamed from Mid-Day Meal Scheme in 2021. Funding 60:40 (food cost); Centre provides free foodgrain via FCI. Ministry: Education — NOT Women & Child Development. UPSC plants WCD as wrong option.
PMKVY (Kaushal Vikas Yojana)	Skill Development	Central Sector	Youth 14-45 yrs seeking skill certification	Short-term skill training (150-300 hrs) aligned to National Occupational Standards. NSQF-linked certificates. Recognition of Prior Learning (RPL). Implemented by NSDC. PMKVY 4.0 (2023-26): Industry 4.0, AI, drone skills.
Beti Bachao Beti Padhao	WCD + Health + Education (tri-ministry)	Central Sector	Girls, esp. in low Child Sex Ratio districts	Three-ministry scheme. Targets CSR improvement + girl education. Initially 100 low-CSR districts; now nationwide. Awareness + service delivery (not a direct transfer). UPSC tests: which ministries (all three).
Sukanya Samriddhi Yojana	Finance (post offices/banks)	Central Sector	Girl child up to age 10	Small savings scheme (not insurance/pension). Deposit for 15 yrs, matures at 21 yrs of girl. Higher interest than PPF. EEE tax treatment. 50% premature withdrawal at 18 for education. Opened by parent/guardian.

NOTE: PM POSHAN (mid-day meal, Education Ministry) vs POSHAN Abhiyaan (nutrition mission, WCD Ministry). Same word, different ministry, different scope. Tested twice in last three papers.

INFRASTRUCTURE, ENERGY & ENVIRONMENT SCHEMES

Scheme	Ministry	Type	Mechanism & UPSC-Tested Facts
PM Gati Shakti (NMP)	Commerce (DPIIT)	Central Sector	GIS-based digital platform integrating infrastructure plans of 16 ministries. NOT a funding scheme — a planning and coordination tool. Maps economic zones, identifies bottlenecks, synchronises road/rail/port/pipeline. Launched Oct 2021. Trap: "PM Gati Shakti funds projects" — FALSE.

National Monetisation Pipeline (NMP)	Finance (NITI Aayog)	Central Sector	Rs.6 lakh crore monetisation of brownfield public assets (FY22-25). LEASES operational rights; government RETAINS ownership. Not privatisation. Instruments: InvITs, REITs, TOT (Toll-Operate-Transfer), PPP. Distinction from disinvestment: NMP = operations transfer; disinvestment = ownership transfer.
PM Surya Ghar (Muft Bijli Yojana)	New & Renewable Energy	Central Sector	Launched Feb 2024. Rooftop solar for residential households. 1 crore households targeted. Up to 300 units/month free (systems up to 3kW). Subsidy: Rs.30K (1kW), Rs.60K (2kW), Rs.78K (3kW+). Via DISCOMs. Replaces older RESCO model with direct household subsidy.
PM E-Drive (replaced FAME II, 2024)	Heavy Industries	Central Sector	Rs.10,900 crore for EV ecosystem. Covers e-buses, e-trucks, 2W, 3W. EXCLUDES private 4-wheelers (same as FAME II). FAME II (2019-24) had same exclusion. UPSC 2026 may test: "FAME II replaced by?" or continued private car exclusion.
National Green Hydrogen Mission	New & Renewable Energy	Central Sector	Approved Jan 2023. Target: 5 MMT green hydrogen by 2030. SIGHT programme: incentivises electrolyser manufacturing + green H2 production. Green hydrogen = H2 via electrolysis using renewables (not fossil fuels = grey hydrogen, not CCS + fossil = blue hydrogen).
PM e-Bus Sewa	Housing & Urban Affairs	Central Sector	10,000 e-buses for cities 3-40 lakh population with no organised bus service. Gross Cost Contract: city pays per km; operator owns and runs buses. Centre funds capital cost. Ministry: Housing & Urban Affairs — not Heavy Industries, not Road Transport.

NOTE: NMP ≠ disinvestment. NMP leases operations; ownership stays with government. Disinvestment transfers ownership. This distinction is asked almost every year in some form since 2021.

STATEMENT I / II PRACTICE PAIRS — GOVERNMENT SCHEMES

Work through each before reading the answer. Find the trap word in each false statement.

Statement I	Statement II	Answer & Why
PM-KISAN provides income support to all farmers in India.	The scheme excludes income-tax payers, serving government employees (except Class IV), and constitutional post holders.	I FALSE — "all" is wrong; multiple exclusions apply. II TRUE. Answer: (d). The word "all" is the trap. Know the exclusion list.
MGNREGS guarantees 100 days of wage employment per year to every adult member of a rural household.	The guarantee under MGNREGS is per household, not per individual adult member.	I FALSE — guarantee is per household. II TRUE. Answer: (d). Per-household vs per-member is the standard MGNREGS trap.
The MUDRA scheme provides collateral-free loans directly to micro-enterprises.	MUDRA operates as a refinancing institution, channelling funds through banks, MFIs, and NBFCs.	I FALSE — MUDRA does not lend directly. II TRUE. Answer: (d). "Directly" is the trap word.

PM Ujjwala Yojana provides free LPG refills to BPL women beneficiaries.	Under PMUY, the LPG connection is subsidised while refills are priced at market rates.	I FALSE — connection is free; refills are market-priced. II TRUE. Answer: (d). "Free refills" is a persistent UPSC trap on PMUY.
Ayushman Bharat PM-JAY covers both outpatient and inpatient treatment up to Rs.5 lakh per family.	PM-JAY covers only secondary and tertiary hospitalisation expenses, not OPD costs.	I FALSE — OPD not covered. II TRUE. Answer: (d). Rs.5 lakh is hospitalisation only.
PMGSY provides road connectivity to all villages regardless of population size.	PMGSY prescribes different population thresholds for plains (500) and hilly/tribal areas (250).	I FALSE — thresholds apply. II TRUE. Answer: (d). "Regardless of population" is the false framing.
The National Monetisation Pipeline transfers ownership of government assets to private entities.	NMP monetises operational brownfield assets while retaining government ownership, primarily through leasing arrangements.	I FALSE — ownership is NOT transferred. II TRUE. Answer: (d). NMP ≠ privatisation.
PM POSHAN (formerly Mid-Day Meal Scheme) is implemented by the Ministry of Women and Child Development.	PM POSHAN provides hot cooked meals to government school children on all school days.	I FALSE — implemented by Education Ministry, not WCD. II TRUE. Answer: (d). POSHAN Abhiyaan (WCD) vs PM POSHAN (Education).

NOTE: In scheme questions, "all", "directly", "free", and "any" are the four words most likely to make a statement false. UPSC uses them to make broadly correct descriptions technically wrong.

MINISTRY → SCHEME QUICK REFERENCE (MATCHING FORMAT)

Ministry	Key Schemes — Know All Listed
Rural Development	MGNREGS, PMAY-G, PMGSY, DAY-NRLM (Aajeevika — SHG livelihoods), RURBAN Mission, PM Gram Kalyan Yojana
Housing & Urban Affairs	PMAY-U, AMRUT 2.0, Smart Cities Mission, PM SVANidhi (street vendors), PM e-Bus Sewa, HRIDAY
Health & Family Welfare	Ayushman Bharat (PM-JAY + Arogya Mandirs), NHM, Mission Indradhanush (vaccination), Janani Suraksha Yojana
Agriculture & Farmers Welfare	PM-KISAN, PM-AASHA, PMFBY, e-NAM, Soil Health Card, Paramparagat Krishi Vikas Yojana (organic), PM Kisan Maan Dhan
Women & Child Development	Beti Bachao Beti Padhao (tri-ministry), POSHAN Abhiyaan, PM Matru Vandana Yojana (PMMVY), Mission Shakti, One Stop Centres
Finance (DFS)	PMJDY, PMJJBY, PMSBY, APY (Atal Pension Yojana), MUDRA, Stand Up India, Sukanya Samriddhi Yojana
Education	Samagra Shiksha, PM POSHAN (mid-day meal), NIPUN Bharat (foundational literacy), PM SHRI Schools

Skill Development	PM Kaushal Vikas Yojana (PMKVY), NAPS (National Apprenticeship Promotion Scheme), Skill India Mission
MSME	PM Vishwakarma, ZED certification, SFURTI (cluster development), CHAMPIONS portal
Jal Shakti	Jal Jeevan Mission (rural tap water), Swachh Bharat Mission – Grameen Phase II (ODF Plus)
New & Renewable Energy	PM Surya Ghar (rooftop solar), National Green Hydrogen Mission, PM-KUSUM (solar for farmers)
Petroleum & Natural Gas	PM Ujjwala Yojana (LPG connections), PAHAL/DBTL (direct LPG subsidy), City Gas Distribution
Panchayati Raj	SVAMITVA (property rights, abadi land), RGSA (Rashtriya Gram Swaraj Abhiyan)
Heavy Industries	PM E-Drive (replaced FAME II), PLI for auto sector, PLI for Advanced Chemistry Cell (battery)

RECENT IN NEWS (2024–2025) — PRELIMS 2026 ANGLE

Development	Why Relevant for 2026 Prelims
PMAY-U 2.0 — 2024	1 crore additional urban homes. New: Urban Rental Housing for migrant/urban poor workers — first time PMAY includes rental (previously ownership only). UPSC may test this new component specifically.
PM E-Drive replaced FAME II (2024)	Rs.10,900 crore. Covers e-buses, 2W, 3W. Excludes private 4-wheelers. UPSC 2026: "FAME II replaced by?" + continued exclusion of private cars.
PMGKAY merged into NFSA (Jan 2023)	PMGKAY no longer exists separately. All 80 crore NFSA beneficiaries now get 5 kg free grain under NFSA itself. Treating PMGKAY as currently active = UPSC trap for 2026.
Jal Jeevan Mission extended to 2028	Original 2024 deadline missed (~78% coverage). Extended. Tests: FHTC definition, 55 lpcd standard, Village Water & Sanitation Committees.
PM Surya Ghar — Feb 2024	Largest rooftop solar scheme. 1 crore households. Rs.78,000 subsidy cap. Ministry: MNRE. Potential question: ministry, subsidy structure, or statement on free electricity scope.
SVAMITVA expansion	Property rights (patta) for rural residential land via drone survey. Ministry: Panchayati Raj (not Rural Development — matching pair trap). Allows loan collateral use.

★ PYQ Insight:

2025 — "PM-KISAN provides income support to all farmers." FALSE — excludes income-tax payers, institutional landholders, constitutional post holders, serving govt employees above Class IV. The word "all" is always a UPSC trap in scheme questions.

2024 — Matching: schemes with implementing Ministry. Trap: PMGSY (Rural Development) vs PMAY-G (Rural Development) vs PMAY-U (Housing & Urban Affairs). The Urban/Rural PMAY split is tested almost every paper in some form.

2023 — Statement I/II on MGNREGS: "Guarantees 100 days per household. At least 1/3 beneficiaries must be women." Both TRUE, but II does not explain I — they are separate legal provisions. Answer: (b). Students who marked (a) lost the mark.

2022 — "Which is/are Central Sector Schemes?" Options included PM-KISAN (Central Sector — 100% Centre), MGNREGS (Central Sector for wages), and NHM (CSS — shared). Students who marked PM-KISAN as CSS lost the mark.

2021 — PMGSY population threshold tested: plains = 500, hilly/tribal/NE = 250. This exact threshold appears in UPSC options every 2-3 years.

Recurring trap — Wrong Ministry planted in options. Ayushman Bharat PM-JAY = Health, not Finance. Jal Jeevan Mission = Jal Shakti, not Rural Development. PM SVANidhi = Housing & Urban Affairs, not Finance. PM POSHAN = Education, not Women & Child Development.

3 THINGS UPSC TESTS FROM THIS TOPIC

- **The Ministry, not the scheme — matching pairs test this exclusively.** You cannot get matching pair questions right if you know the scheme but not the Ministry. Most dangerous confusions: PMAY-G (Rural Development) vs PMAY-U (Housing & Urban Affairs). PM POSHAN (Education) vs POSHAN Abhiyaan (Women & Child Development). Jal Jeevan Mission (Jal Shakti) vs MGNREGS (Rural Development). PM SVANidhi (Housing & Urban Affairs, not Finance). PM Vishwakarma (MSME, not Labour). SVAMITVA (Panchayati Raj, not Rural Development). Spend 10 minutes on the Ministry table in this document.
- **Funding type and ratio — Central Sector vs CSS, and the sharing ratio.** PM-KISAN is Central Sector (100% Centre), not CSS — this surprises most students. MGNREGS wages are Central Sector; material is 75:25. PMAY-G is 60:40 (90:10 for NE). Jal Jeevan Mission is 50:50 general, 90:10 NE/hilly. PMFBY premium: remaining after farmer pays is 50:50 Centre:state. UPSC asks both the category and the ratio. Know the six key ratios in this document.
- **What the scheme does NOT cover — the exclusion is always where the wrong statement hides.** PM-JAY: hospitalisation only, not OPD. MGNREGS: per household, not per adult. PM-KISAN: excludes ITax payers, above Class IV govt employees, institutional landholders. MUDRA: does not lend directly. PMUY: connection free, not refills. PM E-Drive: excludes private 4-wheelers. PMGSY: above population thresholds only. In every scheme question, find the statement using "all", "directly", "free", or "any" — that is almost certainly the false one.
